

Please review the following classifications and select the proper classification for your vehicle. We understand that some vehicles may fit into more than one classification. The Colorado Camaro Club wants to give every competitor the option to choose a classification that they feel best reflects their concept of what kind of car that they own. A vehicle will only be removed from a particular classification if it is felt that it does not fit the spirit of the classification. There may be a variance in classifications depending on the number of vehicles in a particular classification. **It takes three (3) entries to guarantee a classification. All classifications are subject to change.**

Stock = original or restored original; appears stock as produced.  
Modified = any modification from stock as produced.
